

Saint-Laurent Soccer Club

To reduce the financial obstacles to registering a player with the Saint-Laurent Soccer Club, there are two ways to proceed:

1. The Borough of Saint-Laurent has the "Aide à la famille" program for its residents. Upon presentation of the required supporting documents, the Borough of Saint-Laurent issues a document attesting to the family's low income. When the family presents this document to the club for registration, the registration fee will be reduced by 25%.

The document must be presented at each registration (summer and winter season).

2. The club offers a registration fee waiver. A player who has difficulty paying their registration fees can complete a "Fee Waiver Request" form. This request is examined by our sub-committee made up of: the President, the Executive Vice-President, the Vice-President of the Competitive League and the Technical Director. The criteria are: player performance, player attendance ... the registration fee will be waived or reduced.

The Club may not waive registration fees for more than one level A player per team, two level AA players per team and four AAA level players per team. The registration fee waiver given is valid for 1 year (summer and winter season).
